Objective

Motivated and detail-oriented Software Engineering undergraduate student with strong frontend and backend development skills. Passionate about building scalable web solutions using modern technologies like React, Tailwind, and EJS. Seeking internship or junior developer opportunities to apply and grow my technical and problem-solving skills.

Education

BS Software Engineering

University of Agriculture, Faisalabad

Expected Graduation: 2027

Current CGPA: 3.75/4.0

ICS (Intermediate in Computer Science)

PJSC College, Khurianwala

Graduated: 2021

- Fully funded scholarship throughout ICS program
 - Served as Class Representative in final year
-

Professional Experience

Frontend Intern – NN Software House

Khurianwala | Aug 2022 – Aug 2023

- Built responsive interfaces using HTML, CSS, and Bootstrap
- Worked on backend logic using PHP and MySQL

- Learned client communication and real-world deployment basics
 - Started as a trainee in Aug 2021; promoted to intern after 1 year of hands-on training
-

Technical Skills

Frontend: HTML, CSS, Tailwind, React.js,

Backend: PHP, C# (.NET)

Databases: MySQL

Languages: C++, Java, JavaScript

Tools/version control: Git, VS Code, Github

Academic Projects

Smart Document Scanner & Organizer – React Native + Python NLP App

- Scans physical documents and extracts structured data using Tesseract OCR and spaCy
- Real-time sync between React Native frontend and Flask backend
- Data stored securely using MongoDB
- Role: Full-stack development and AI integration

Pharmacy Management System – C# (.NET Framework)

- Applied OOP concepts to build a complete desktop solution
- Managed inventory, sales, and customer records
- Learned Windows Forms and database integration

Blind Person Assistance Cap – DLD Group Project

- Built a wearable sensor-based cap that detects nearby obstacles
 - Implemented sensor logic to trigger alerts for the visually impaired
 - Served as project programmer
-

Achievements & Leadership

- Class Representative at PJSC College
- Fully funded scholarship holder (ICS)

- Ranked top of the class in Semester 4
 - Early tech exposure and internship during college years
-
